Learn how we work together to keep Deltona safe

Sept. 28, 2011 – The Deltona Fire Department is pleased to host the 27th Annual Safety Day from 11 a.m. to 3 p.m., Oct. 9, at City Hall, 2345 Providence Blvd. The Fire Department works very hard to coordinate not only other City departments involved with public safety but also county and state agencies for a showcase how these public employees work to keep the residents of Deltona safe.

The event is a fun time for the entire family and includes information and displays, demonstrations, free blood pressure checks, career information and free hot dogs and soft drinks. This year there will be an auto extrication demonstration, a demonstration by the honor guard, the Volusia County Sheriff's Offices' K-9 unit, information from City of Deltona's Enforcement Services and Animal Control divisions and more.

For more information on the event, call the Deltona Fire Department, (386) 575-6901.
